

SKIN AND BEAUTY with Dr Ingrid Tall

PARTY SEASON PREP

WE OFTEN SEE clients booking last-minute treatments before a big event. Cosmetic procedures generally require some time to take effect and, in some cases, the best results are seen a month or two after the procedure.

If you have a busy social calendar during racing season or in the lead-up to Christmas, now is the perfect time to book your cosmetic injectable and skin rejuvenation procedures.

The most common treatments are dermal fillers and muscle relaxant injections.

With more than 20 years of experience, I have the pleasure of providing my clients with a healthy and relaxed natural glow rather than obvious enhancement. If you're thinking about cosmetic procedures but fear the unwanted artificial look, book in for a complimentary consultation to discover exactly how you can achieve the best natural version of you.

At Cosmetic Image Clinics, we promote a positive ageing approach to our treatments that ensures a natural outcome.
