***Step into an Ecstasy of Tranquillity and Rejuvenation: A Combination
One Can't Resist***

Brisbane – a city that attracts people with its sophisticated art galleries, cool-climate vineyards, sub-tropical beaches and rooftop bars. Often called a sultry combo of culture, bar and booming restaurant scene, Brisbane has become a metropolis for all those coming of age. This, as a result, has implored the city to produce all that caters to their ever-changing needs and up to this date, hasn't disappointed.

Another booming industry that deserves a noteworthy mention is day spas in Brisbane. Medi spas are becoming the talk of the town as they offer comprehensive rejuvenation packages that are well-suited for those who wish to get all their beauty treatments from a single place. Such health spas offer unique features to cater to multiple niches and make their mark.

Aquarius Day Spa & Cosmetic Image Clinics:

Promising an unforgettable experience

One such medspa in the heart of Brisbane is the Aquarius Day Spa and Cosmetic Image Clinics for all cosmetic beauty needs. This innovative business is the brainchild of Dr Ingrid Tall, the stunningly-constructed spa features a trilogy of wellbeing, health and beauty. Housing a 22m heated indoor pool, fitness centre, gym, steam rooms, saunas and a unique Japanese inspired bathhouse. The traditional Asian-inspired multi award-winning day spa is dedicated to catering to all communities in Brisbane –especially Japanese. This exceptional facility offers a blend of spa therapies, such as massages and facials, and positive ageing cosmetic procedures under the one roof. This facility is truly one of a kind in Brisbane.

According to 2011 census, there were approximately 35,378 Japan-born citizens in Australia. Queensland was reported to be the host of 10,317+ of them. Keeping these statistics in mind, our health spa in Brisbane initiated the first-ever concept of an “onsen Brisbane” inspired by a Korean bathhouse. With segregated changing rooms, hot and cool pools, showerheads and scrubbing tables, the spa offers complete privacy for those who aren’t too comfortable amongst a crowd. With a proficient and friendly staff, we ensure that all our customers have a full rejuvenation session before they walk out of the premises.

Cosmetic Consultations at Cosmetics Image Clinics

Let the experts guide you about the multitude of treatments we have to offer

You can also request a cosmetic consultation with one of our expert clinical team at the Cosmetic Image Clinics. They can inform you of the multitude of surgical and non-surgical certified procedures that are offered at Cosmetic Image Clinics Brisbane and you can choose the offering/s that best suit your needs.

We invite you to become a part of our Aquarius Family. We feature customised packages to satisfy every customer's needs for rejuvenation and relaxation. Consultations with our health and beauty specialists will help you determine what wellness and/or beauty treatments you require. Whether it's a facial or a cosmetic treatment, we have got it all covered. If interested, don't forget to visit our [websites at](#)
